

NEW Orzo♥Coffee Nespresso®* Compatible Pods for espresso lovers: bridging innovation and tradition

Orzo♥Coffee is very happy to announce the arrival of a new member of the Orzo-family: our Orzo♥Coffee Pods, Organic Instant Soluble Barley in compatible capsules for Nespresso®* brand coffee machines. Enjoying your Orzo♥Coffee has never been easier. With these compatible pods you can enjoy orzo with you friends and colleagues at every Nespresso machine, which means everywhere across the globe.

A compatible pod brews a fully-bodied espresso-size barley coffee; you will be amazed by the taste, the aroma and the texture. All Orzo♥Coffee products are 100% organic. When brewed barley coffee becomes a rich, nutty and smooth drink that can be enjoyed by everyone at any time of the day. Unlike decaffeinated coffee and tea which are heavily processed to extract caffeine, Orzo♥Coffee is naturally caffeine-free and is therefore suitable for everyone from children to adults.

Orzo♥Coffee Pods bring together the long-standing Italian tradition of *caffè d'orzo* with the latest innovation in coffee making machines, allowing customers to brew a creamy espresso style drink, which is naturally caffeine-free and full of the natural goodness of organic barley.

Cristina Comunian, Communication manager at Orzo♥Coffee highlights that the latest product is a great opportunity for espresso lovers to enjoy an espresso style hot drink, freshly brewed with their Nespresso®* machines but naturally caffeine-free. She adds: "our Orzo♥Coffee Pods show how you can bridge an old Italian tradition with the latest innovative coffee machine techniques".
